

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA2786NM

This certificate, issued to Heliarc Welding Service, Inc.
3965 Newport Street
P. O. Box 38509
Denver, Colorado 80238

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: 3A21

Make: Cessna

Model: P210N, P210R

Description of Type Design Change:

Installation of modified exhaust system in accordance with Heliarc Welding Service, Inc. Drawing List No. 6, dated September 12, 1986; FAA approved June 16, 1987, or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any other previously approved modification will introduce no adverse effect upon the airworthiness of the aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 2, 1985

Date reissued:

Date of issuance: June 16, 1987

Date amended:

By direction of the Administrator
